

Motor Oil Economizer

Motor Oil Additive

Description

It is a concentrated engine oil additive containing high-tech additives featuring Viscosity Index enhancing properties.

Application

It is added into the engine oil while the engine is idling. This operation should be repeated at each engine oil replacement. It readily mixes with all kind of engine oils. It is not recommended for engine using Petrol Ofisi multigrade oils.

Benefits

- Motor Oil Economizer reduces oil consumption.
- Prevents knocking in all types of gasoline and diesel engines in addition to preventing the oil pressure loss.
- It readily mixes with all kind of engine oils.
- Saves fuel via controlling oil flow characteristics and prevents possible wear year around.

Typical Specifications*

Density, @ 15°C g/ml	ASTM 4052	-
Flash Point COC, °C	ASTM D 92	-
Kinematic Viscosity at 40°C mm ² /s at 100°C mm ² /s	ASTM D 445	- 142.1
Viscosity Index	ASTM D 2270	-
Pour Point, °C	ASTM D 97	-18

* Values are changeable according to production.

Packing

Canister	500 cc
