

maxima RN 5W-30

High Performance Low-SAPS Synthetic Engine Oil

Description

maxima RN 5W-30 is a fully synthetic, new Low SAPS technology based, high performance engine oil. Specially designed to reduce exhaust gas emissions and to extend the diesel particulate filter (DPF) life. It is approved by Renault for RN 720.

Applications

Developed for use in new generation high-tech gasoline and diesel engines, especially for Renault vehicles equippied with Diesel Particulate Filter (DPF).

Benefits

- Protects and extends diesel particulate life (DPF) with its Low SAPS technology.
- Low volatiliy properties reduces oil loses.
- High friction control ensures fuel save.
- Reduces wear, especially during warm-up.

Performance

ACEA C4, RENAULT RN0720 (Aproval)

Typical Properties*		
SAE Viscosity Grade		5W-30
Density, @ 15°C kg/lt	ASTM D-4052	0.852
Flash Point, COC, °C	ASTM D-92	210
Kinematic Viscosity		
@ 40°C mm²/s	ASTM D-445	68
@ 100°C mm²/s		11.6
Viscosity Index	ASTM D-2270	168
Pour Point, °C	ASTM D-97	-33

^{*} Values are changeable according to production.
