

## Maxitrak Traktör Yağı 15W-40

### Multigrade Tractor Engine Oil

#### Description

It is a high performance and superior quality multi-grade diesel engine oil produced by addition of additives package to high tech paraffinic base oils that can be used of all the year round.

#### Application

It is used new generation modern tractor, agricultural equipment including the latest models and diesel engines with heavy-duty vehicles

#### Benefits

- It cleans the engine by preventing the formation of deposits and residues under hot and cold temperatures, thanks to its detergent-dispersing additive contents.
- It promotes cold starting and effective lubrication under hot temperatures.
- No oil loss, pressure loss and foaming are observed even under severe conditions.
- It prevents corrosion by neutralizing the acids formed even during combustion.
- It forms thick oil film even at elevated temperatures, thanks to its high viscosity index and additives against wear.
- It minimizes engine wear.
- It minimizes formation of deposits; it enhances the combustion efficiency by keeping the engine clean.
- Helps protect the environment by lowering exhaust emission.
- It extends the oil replacement intervals.

#### Performance

API CF-4 / CF

#### Typical specifications\*

SAE Viscosity Grade		15W-40
Density, 15°C g/ml	ASTM 4052	0.886
Flash Point, COC, °C	ASTM D 92	234
Kinematic Viscosity at 40 °C mm <sup>2</sup> /s at 100 °C mm <sup>2</sup> /s	ASTM D 445	116.54 15.44
Viscosity Index	ASTM D 2270	139
Pour Point, °C	ASTM D 97	-30

\* Values are changeable according to production.

#### Packing

Plastic	17.5 kg, 10 lt
Drum	180 kg
