

MAXIGEAR EP 75W-80

Synthetic Passenger Vehicle Automotive Gear Oil

Definition

MAXIGEAR EP-80 is a passenger car transmission oil with high performance EP feature. It is suitable for use in all seasons and is synthetic based.

Places of Use

MAXIGEAR EP-80 has been developed for use in passenger car manual transmissions.

Features and Benefits

- It prevents thinning of the film layer and provides high performance at very low temperatures.
- Protects parts and components in long periods of use and at very low temperatures.
- Provides easy shifting thanks to the latest technology viscosity index improving polymers.
- Prevents leakage and deposit formation at high temperatures and long use.
- Provides long oil change intervals in the most adverse field conditions.
- It reduces the fuel consumption of the end user, it is an environmentally friendly product.
- It prevents oil thickening, formation of deposits and harmful acidic chemicals.
- Protects equipment thanks to heat transfer efficiency

Specifications and Approvals

API GL-4

Typical Features *

SAE Viscosity Grade		75W-80
Density, @ 15 ° C, kg / m ³ Flash	ASTM D 4052	0.850
Point, COC, ° C Viscosity, 40 ° C,	ASTM D 92	220
mm ² / s Viscosity, 100 ° C, mm ² / s Viscosity Index	ASTM D 445	48 7.9
	ASTM D 2270	131
Pour Point ° C	ASTM D 97	- 39

* Values may differ from production to production.
